| Reasons for comment: |  |
| Comments:            | Main concerns are impact on traffic ,parking and access - which could become dangerous due to small roads and volume of traffic including delivery and service vehicles. The loss of agricultural land. As even more homes may be built on this plot there would be excessively more vehicles with access onto the A227 near junction with Green Lane and busy shopping area which would excessively congestion during normal hours with even more congestion during school start and finish times. Increased population would be a strain on the small Meopham area |

Kind regards
