Reasons for comment:	
Comments:	<p>The proposed site is on viable productive farmland. Building on farmland goes against net zero objectives as the UK is not currently self sufficient in food production.</p> <p>The infrastructure around the site is insufficient, with congestion on Wrotham Road at peak times, current challenges getting medical appointments/school places and utility provision is at its limits.</p> <p>The site is green belt, not grey belt, and provides habitat and biodiversity.</p>

Kind regards
