Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The access to this site is wholly unsuitable. It is surrounded by narrow country lanes. Meopham as a village is not set up nor has the amenities for an extensive increase in housing and population. The roads nearby are already very busy and can be dangerous at times with larger vehicles being driven through, majority using as a cut through between locations and not even stopping in Meopham. The land is already in yearly use for food production and this will impact the local economy and the environment if this is taken away. Everyone is fully aware of the healthy changes required in our lives and to have this taken away is devastating. Every day the Wrotham Road is a big traffic jam at school pick up and drop off times and an increase in additional cars on the road will make this even worse. Emergency vehicles regularly use the road and they will be unable to get to where needed quickly if the traffic is worse.</p>

Kind regards
