Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	If granted this development will further spoil Meopham's Village character and transform it into a town - attracting more and more residential and commercial development. It is disproportionate. Neighbouring town's residents enjoy Meopham for its history, its Greens , its country parks. They do not want the same old built up atmosphere as where the live. Intensive development means strained public resources of all types. We are well suited as we are. The feeder road A227 is grossly inadequate for the present inhabitants let alone more. I live within 5 metres of it and it gets worse and worse- night noise, school traffic jams, emergency vehicles, accidents surely it is time to limit these, not multiply them? Developers are here today and gone tomorrow. I have been here 55 years and though many things have improved (Medical, library, country parks, sports and public multipurpose halls - Its gradual morphing from a village into a copycat New Town is changing it to just like an other Vigo or New Ask Green. We should try to preserve our individuality.

Kind regards
