Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>Transport</p> <p>The A227 cannot cope with any more traffic. Queues every morning &amp; afternoon because of the schools and traffic using a cut through from M20/M25 - especially when the Thames Lower Crossing is built.</p> <p>The proposed junctions from new sites on to A227 are very dangerous.</p> <p>Trains - most trains are packed to capacity from Meopham - rarely get a seat</p> <p>Buses - very poor bus service (contrary to what the developers promise)</p>
	<p>Schools</p> <p>Local schools are already at capacity. Most pupils at secondary school are not local, thus creating the current transport problems.</p>
	<p>Doctors/Hospital</p> <p>Darent Valley Hospital is already over capacity and cannot cope with an influx of people in N Kent.</p> <p>Meopham Medical Centre is also at capacity and could not cope with an extra 500-700 patients.</p>
	<p>Ethics</p> <p>Greenbelt is prime agricultural land - we need food! Just because it's cheaper for Housebuilders to develop Greenbelt land, it should not be an option. Brownfield must be developed first.</p>

Wildlife will suffer because of losing Greenbelt land.

---

Kind regards
