Reasons for comment:	
Comments:	The surrounding roads used to access this estate are not suitable for the increased volume of traffic. Green lane is narrow as it approaches Meopham and this affects the flow of traffic. It has a number of bends on the way to Sole Street and through traffic will be increased through this village. Wrotham Road is congested with parked cars at school times and the junction at The Street makes the road narrow and has poor visibility. The development will use good quality farm land which also supports wild birds and animals.

Kind regards
