| Stance:              | Customer objects to the Planning Application  |
| Reasons for comment: |   |
| Comments:            | Completely ruin an area of natural beauty<br>Dangerous access onto a tiny rural lane.<br>High grade farmland which contributes to food production for our own country so we don't have to rely on imports.<br>Will all the houses be affordable for the general population or will there be difficulties in selling the houses. Will they be empty for a longtime. There are many developments that remain empty because they are unaffordable or the developers go bust.<br>Increased traffic on already busy roads.<br>Pollution because of increased traffic.<br>Antisocial behaviour because of increased population to a once peaceful community.<br>Public transport inadequate<br>A strain of services such as NHS, doctors and education as well as local hospitals . |

Kind regards
