Reasons for comment:

Comments:	I strongly support this planning application. I am deeply disappointed in Gravesham Council's rejection of the first application. The excuses cited have been identified and addressed by the new application and this should now be approved. I have lived in Gravesend for 40 years and we have a multicultural town with thousands of christians, sikhs, muslims, hindhus and all faiths. The Christian community has over 30 churches, the Sikh community has the largest temple in Europe, and the Muslim community are not being given a small building that fits into the town perfectly? [REDACTED] and this works perfectly. Every week on Friday the lack of prayer space for muslims is on show, with people praying outside in the rain and danger of the road. Gravesham council need to consider the safety and wellbeing of the constituents and support this planning application to work cohesively with people of all faiths to make Gravesend a safe environment for everyone who lives here.
