Reasons for comment:

Comments:	As a resident of this road in question, I also object to this proposal. The road already suffers from very limited on-street parking and the introduction of a care home is likely to significantly increase demand and exacerbate existing pressures. I am also concerned at the potential increase in disturbance and noise due to the volume of staff and children coming and going. I can appreciate there is a need for care homes for vulnerable children as a parent myself, but this proposed location is inappropriate considering it is a main road that is already very busy. The proposal fails to adequately account for the existing infrastructure limitations. Therefore, I respectfully request that the application be refused.
