Reasons for comment:

Comments: I strongly object to this development as it is Greenbelt land when there are plenty of empty brownfield sites that could be built on. The proposed area is on agricultural land which is still farmed. The effect to wildlife would be catastrophic. Every year I hear the retuning cuckoo as I do my regular walk past the site. Meopham is a village but this new development will mean that it will lose some of its identity by merging with Sole Street. The main Wrotham Road through Meopham is already incredibly busy; at peak times it is sometimes very hard to turn right out of our road (Cheshunt Close) so I can only imagine the horror if there were even more cars from this development using the road. The area is often flooded, particularly at the end of our road and Norwood Lane and it would become more of a problem as the open fields capture the water and reduce flooding. Our local doctors are at capacity and have written to confirm this. We have lived in this beautiful, tranquil village for many years and we sincerely hope that this development does not go ahead.

Kind regards
