Reasons for comment:

Comments: I object to the ill thought through development proposal on the following grounds:

It is not joined up with other proposals such as the Lower Thames Crossing that will overwhelm the area or other housing development proposals.
It is on Green Belt land.
The infrastructure is creaking and broken and can not absorb further village development as evidenced by road and traffic monitoring, applications for school places and GP demand.
There are brown field alternatives in existing urban areas and Gravesend town centre needs completely repurposing to include a new mix of retail, leisure, heritage and housing.
Biodiversity is compromised
There will be blight to existing housing
The convergence of villages
Complete lack of any local community support.
Already have contributed to new housing especially the growth of Ebbsfleet which has joined up Dartford and Gravesend.

Kind regards
