Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The proposed application should not be allowed under any circumstance. It is obvious to anyone who is aware of the current situation at this site, that the applicant has no intention of obeying planning or the law and has already started to form a larger Gypsy site with permission. The damage to trees on the public highway by the applicant and his cohorts are testament to just how far this individual will go to form an illegal settlement. If this application is approved, the applicant will continue to flout the planning regulations and law. In my personal opinion, the owner of this plot and those responsible for the damage to the public trees should be heavily fined and imprisoned.

Kind regards
