Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I believe should this building get permission, Wrotham Road will experience an increase in traffic. This traffic would negatively affect the livelihood of the residents of Wrotham Road due to increased noise pollution. This road is also frequently used by big lorries as it acts as a means to get to the M2 and A25, with increased traffic this may block the journeys of Lorrie's coming through. This will further have an impact on the parking available to residents. By introducing a McDonald's, residents will have their parking limited further as the main road is already congested with minimal parking. Parking restrictions only apply between 12-1pm having minimal effect on peak times of McDonald's operation. The frequent coming and goings of delivery drivers will also affect this factor. Dependent on opening hours, this business poses a risk of an increase in antisocial behaviour in an area already prone to crime due to its proximity to town centre, pubs and local parks.

Kind regards
