Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object in the strongest form to this application on the basis of logistic, environmental and social concerns. The infrastructure will not support this major development in green belt. Rural life for all in Meopham and sole street will be upended. Traffic will be a nightmare, the environment and wildlife will suffer and 2 beautiful villages will become sprawled into 1.. This application in my view is based on greed. It's easier & cheaper for developers to build in green belt rather than brown.. This is ill thought out and should be rejected outright

Kind regards
