Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I would like to strongly object to this application. I have lived in the quiet, peaceful hamlet of Sole Street since [REDACTED] I have seen a sufficient increase in the daily traffic through our small hamlet. Cobham and Sole Street have become shortcuts/ rat runs and drivers regularly speed through our villages, with little concern for pedestrians, horses, farm vehicles or even other cars. If either the A2/ M2 or M20 close, then our villages are gridlocked! Building an additional 725 houses, will only add to this already ridiculous situation. Our local village roads are falling apart, our village road network and infrastructure cannot cope at present, without an additional 725 houses, with possibly another 1,450 or more cars! The pollution caused by even more cars will be hugely damaging to our health and the environment. If this application were successful, Sole Street surrounded by green belt, countryside, farm land and open fields would cease to exist. Once our countryside is destroyed it will be impossible for it to ever be restored. Our farmland must be protected at all costs for future food security. This area is GRENBELT and this planning application should never have been allowed to have been submitted.
