Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We are losing all our green spaces and natural woodland. Deer have recently appeared where they have never been seen before as they are pushed further into urban areas. The fields in our village are full of the sound of the skylarks, I understand these are a protected breed. We must protect all our wildlife Our village is used as a short cut by speeding cars and vans who throw their rubbish out of their windows into the hedges which is a danger to wildlife. The volume of cars are eroding the hedgerows which creates more passing points. These new houses will add to the volume of cars driving through and will further stop horse riders, walkers and dog walkers from enjoying nature

Kind regards
