Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Having lived in Norwood Lane for [REDACTED] years I feel in a good place to comment on the proposed planning application. This part of Meopham is only accessible via small roads. The top part of Norwood Lane is only single track in places and cannot accommodate either the construction traffic, let alone the vehicles that will be using the estate, 750 homes probably means at least a 1000 cars. There is very little local public transport in the area so cars are a must! And to add to this a school.... Absolute chaos at 8.30 and 15.00, it's bad enough at the schools in Wrotham Road, total gridlock during drop off and pick up times. Even worse on these minor roads. I could go on and on about every part of this application - the lack of infrastructure to support the development, the lack of utilities, pollution, damage to the nature and wildlife, noise and disruption during construction etc etc I hope the council see sense and reject this application along with the adjacent Wimpey application. If you must build in Meopham surely a site with direct access from Wrotham Road must make more sense.

Kind regards
