Reasons for comment:	
Comments:	I strongly object to this proposed development. This Greenbelt land is not just empty space, it is a vital part of our community, our environment, and our local identity. It supports wildlife, protects us from flooding, and provides a natural break that keeps Sole Street and Hook Green as distinct villages. Once this land is lost, it is gone forever. The idea that this area could be developed without serious and lasting harm is deeply concerning. Increased traffic, pollution, and pressure on already overstretched services will directly impact residents' quality of life. At the same time, wildlife habitats will be destroyed, and the quiet rural character of the area will be irreversibly damaged. This site is not allocated for development, and it is clear why. Building here goes against the very purpose of Greenbelt protection. Please protect this land for current and future generations and reject this proposal.

Kind regards
