Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this development as it would result in the permanent loss of valuable countryside that is deeply important to both wildlife and the local community. The fields in question are alive with wildlife. Swifts, swallows, skylarks, bats and birds of prey are regularly seen, and the presence of species such as glow worms and stag beetles highlights the richness of this environment. This is not just land - it is a functioning ecosystem and a rare natural space that should be protected, not destroyed. Once built on, this habitat will be lost forever. In a time where we are being urged to protect nature, this proposal feels entirely at odds with those priorities.

Kind regards
