Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this proposal due to both environmental impact and the lack of justification for development on this scale. There are already numerous housing developments across the county, including areas where properties remain unsold or unoccupied. It is difficult to understand why further green belt land should be sacrificed when existing housing supply is not fully utilised. The land proposed for development is ecologically valuable, supporting a range of wildlife including bats, skylarks and birds of prey. Its loss would contribute to further decline in biodiversity. Development should prioritise brownfield sites and existing unused housing before destroying valuable rural land.

Kind regards
