Reasons for comment:	
Comments:	This application is 1 of several requesting an additional 1500 homes in a 2 mile radius, on green belt land. This is potentially 4000 - 6000 more vehicles (if not more) on roads incapable of the current traffic. There are 3 roads round Sole street, all of which are currently closed and its havoc. With an additional 6000 vehicles, this will be impossible to manage. The GP surgeries are full. The dentists are full. Funding is being cut for the current local schools so I am unsure how 2 new schools would be funded. Our green belt is being bombarded with Traveller site applications and mass housing estate builds that are not sustainable in this area.

Kind regards
