Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the proposed build of 50 houses in School lane . The school is oversubscribed already we have no Gp practice in the village and no bus services to the Gp practices we have to use , The proposed entry to the new houses from school lane will come right on the brow of a hill of an already dangerous rd where you have blind bends . Our property line is along the boundary of the proposed build and will greatly impact the use of our garden especially with the pumping station just down from our garden when it overflows and smells like pumping stations in the surrounding villages making our gardens unusable and not enabling us to be able to open our windows. Why when the council insists any extensions must co inside with the surrounding area are you allowing houses to be built in front of bungalows . As someone who has lived in the village his whole life I strongly object to this build .

Kind regards
