Address:	[REDACTED] Northumberland Road Istead Tide

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the destruction of greenbelt land, farmland, and the irreversible destructive impact of this. The lack of infrastructure and basic support to meet the needs of a larger population in Istead Rise would be terrible for existing residents and any new ones including impact on school places , GP appointments, shopping facilities and parking . The water table, drainage and supply will be affected . The increase in traffic will lead to congestion and accidents, there is virtually no public transport available so all newcomers will be car- reliant, this will also increase pollution. There is no benefit to the local population and a significant detrimental effect

Kind regards
