

Signage for 29 King Street
Ground Floor & Basement shop

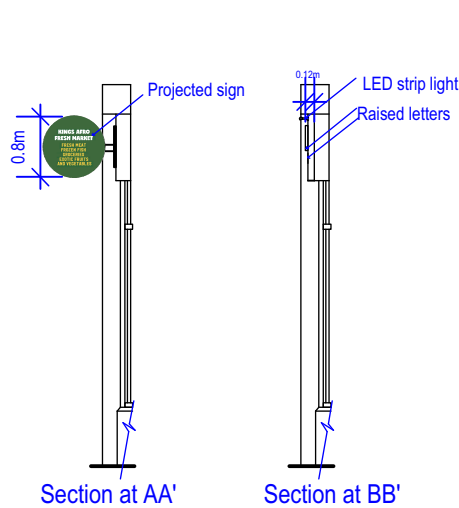

Note:
Aluminum composite panel's (ACP) sign tray in Mint Green RAL 6029 Matt finish with 50mm projection. Channel Letters for "KINGS AFRO FRESH MARKET" with 70mm projection in .8mm aluminum and ACP face in white RAL 9010 both projection and face in matt finish. Rest of the text and door number to be flat cut from 3mm ACP panel in yellow RAL 1003 in matt finish and mounted on the ACP sign tray directly.

So overall maximum projection from the fascia will be 50mm+70mm = 120mm (+ ~ - 2mm)

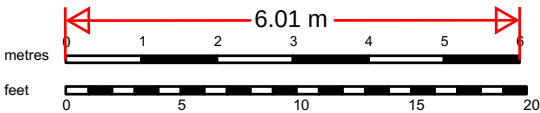

Projection Sign : 800mm x 100mm circular aluminum projection sign with perspex panels. The metal bracket will project the double sided round projection sign 140mm away from the building fascia. Projection sign is non illuminated and frame is in Mint Green RAL 6029 Matt finish. Graphics to be done on the perspex panels with Vinyl.

Green will be RAL 6029 & yellow RAL 1003 , White 9010 & Black 9005. The font for KINGS AFRO FRESH MARKET will be 'Bjola', for the smaller yellow letters it will be Hudson NY.

Trough Light : Sealed aluminum profiled trough light in black matt finish. Trough light will be erected with 300mm long same coloured brackets. Illumination will be done with low voltage 12V LED modules with IP65 rating and powered by IP67 rated LED driver. The light temperature will be 6000K Daylight colour. The illuminance level will be 1650 lumens per meter or 896.5 cd/m2.
