

Heritage Statement

37a Cobham Street, Gravesend, DA11 0SA

April 2024

Proposed Elevation

Architecture | Construction | Building | Design

Introduction

This Heritage Statement is compiled in support of the application for the replacement windows at 37a Cobham Street.

The existing windows are non-original poor qualities which are top hung casement windows rather than authentic timber sliding sash windows.

Conclusion

The proposal is a vast improvement on the existing windows and the applicant has gone to great lengths to save this building.

The applicant bought the dwelling in an extremely poor state of repair the non-original windows are falling apart and in need of replacement. The new elegant timber sliding windows are considered a suitable replacement produced by Thameside Windows.

Along with all the supporting documents as part of this application it is considered that the proposal makes a positive contribution to the Conservation Area.
