Reasons for comment:	
Comments:	As a former resident of Istead Rise and all my family members are residents currently I am in the village most days and experience many issues Huge volumn of traffic on A227 Increased traffic already into Istead rise only to be worse with the proposal of more developments Quality of air pollution Use of plant hire vehicles ongoing pollution for many years whilst building Loss of habitat Loss of Greenbelt land Essential farmland Increase pressure on parking and local shop facilities already are difficult to access Local doctors extra pressure to take patients already at capacity No extra school places at our local schools and traffic for the children and parking already a danger Pressure on our local hospitals and increase for services already struggling

Kind regards
