Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object to this application for the following reasons:</p> <ol style="list-style-type: none">1. The A227 will not sustain the additional heavy transport during the building phase, resulting in further damage and delays on the road.2. The lengthy detours available for A227 closures are unsuitable for heavy vehicles, including buses, create delays and additional pollution, and would also collapse physically if used on a frequent basis.3. There have been flash floods in the area and these would be more likely once the fields are "concreted over". This will also cause additional damage to roads and verges.4. There will be an unacceptable increase in noise, pollution and parked vehicles in the area around the building site and along the A227, including schools and recreation areas.5. There are insufficient local facilities/infrastructure to support an additional 100 homes in the Meopham area.
-----------	--

Kind regards
