Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The conversion of The Woodlands property and erection of exterior McDonalds signage is not in keeping with the local area. This is a residential area and not a town centre environment where this sort of signage and illumination is usual. If the extension of operating hours for McDonalds in Gravesend for 6am to midnight has been permitted then it is likely that this site will also have extended hours negatively impacting upon the local area. I believe there is already a lighting prohibition on this site from the days when it was owned by Whitbread. This should at a minimum be maintain or strengthened. In addition, there is concern that the removal of the side extension and changes to parking bays is preparing the way forward for a drive through at this site. The site and road is not capable of dealing with the increase volume of traffic to the site. Finally, the location is far too close to St George's school. Given the current obesity epidemic in the UK it beggars belief that planning would be given for a fast food takeaway aimed at teenagers who can easily access this site to and from school and at lunchtime.

Kind regards
