Reasons for comment:	
Comments:	The recent application appeal decision, to the adjacent land South of White Post Lane , (Ref APP/K2230/W/25/3363212) stated that with respect to sustainable travel the location did not benefit from public transport and the lane had no safe pedestrian walk ways and as such this had to be an aspect to consider in evaluation of the proposal, all be it, it was not of significant impact to outweigh the other reasons for approval. Given that this application is for a larger number of units, a greater number of people and hence a bigger impact on non-sustainable travel, as such this should be taken into consideration as a major factor. It is also noted that the names of the occupants for 4 plots are listed, but no information with respect to the other 4 and the impact that they contribute with respect to sustainable travel.

Kind regards
