Reasons for comment:	
Comments:	The establishment of a fast food restaurant just across the park from a secondary school goes against the governments desire to reduce childhood obesity. This is a long established residential area and one of the busiest routes into town the additional congestion is not helpful to the governments met zero target as the additional pollution will only serve to have a detrimental effect on people's health. The location next to the park will only serve to add a considerable amount of litter which has been difficult to control over the years. As someone who used to run a food concession in the park I can confirm that I spent hours picking up litter.

Kind regards
