Reasons for comment:	
Comments:	The site is next to a well-used green space for families and children, and placing a fast-food outlet here is inappropriate and undermines the purpose of the area. It also raises concerns about children's health, particularly as both a primary and secondary school are within easy walking distance. There are additional issues around increased litter, which could negatively impact the nearby green space, and traffic. Congestion is already problematic during school run times, and a drive-thru would likely worsen this and create further safety risks. Overall, this is not a suitable location for this type of development, and the application should be refused.

Kind regards
