Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object on the basis that there is no infrastructure currently to support more housing, even our Surgery is deserting the village after many many years and relocating to a totally inaccessible location that currently has no direct access by public transport. What is the point in more housing? Only profit of course by developers and is of no use to the current population! Even the premises of our surgery is being sold again presumably for profit. There seems to be no care for our current villagers.

Kind regards
