Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object as I feel the hill is not able to take the amount of traffic that these 9dwellings will make one household will have more than one car or vans it was bad enough with all the Lorrie's and cars from the drain company this hill now is always being closed off for repairs at the moment it's because of water damage done by the drainage company there is a horse riding facility there and I can see one accident there just waiting to happen with another 160 houses coming on the rise traffic will quadruple facilities for dentists doctors schools you are killing this lovely area I notice the drainage company company want to keep offices extra vans and traffic there have been extra pot holes appear and walkers and bike riders will come to accidents tripping over getting run down there is no lighting on the hill as it didn't need it as there were only 3properties on the hill then but if this went ahead it will become a nightmare for passing I strongly object to this

Kind regards
