Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I find the position of these units are an eyesore for all the residents affected as they are as close they could possibly be to all the residents and as far away from their property. Not only that but the constant drone and rattling day in,day out is extremely disturbing to anyone affected to enjoy their garden space. The noise can be heard even inside from all he back rooms and at night is disturbing sleep. This will I'm sure have an impact to the value of the properties that have these units positioned there. There was no consideration to anyone when these were installed so it's a bit of an insult to now ask for retrospective planning permission.

Kind regards
