Reasons for comment:	
Comments:	Seeing some of the objections I can clarify the field doesn't back onto any of the local resident gardens on church street / bull lane as dog field is then surrounded by other fields There is plenty of parking within the dog field area so not sure why a resident thinks parking would happen on local roads , which it hasn't at all And as for 'there is many local open fields' , yes there might be but recently a resident bull lane dog was killed as these fields are open and the dog ran straight onto the road So this new enclosed field gives owners and dogs the freedom to enjoy a stress free walk , in a safe and secure place with no impact on the locals , me being one of them

Kind regards
