Reasons for comment:

Comments: [REDACTED] and looking at the proposed East Elevati dwellings will result in [REDACTED] ty, [REDACTED]

An additional dwelling will result in an increased number of residents and therefore increased vehicle usage on the footpath which it fronts onto. I am concerned that this may cause additional deterioration to the footpath which is regularly used by parents & children to walk to and from Culverstone Green Primary School, therefore creating a safety risk for those walkers.

I feel that the overall look of the proposed dwellings is out of keeping with the surrounding properties. The drawings shows 6 cars parked immediately in front of the dwellings, leaving little room for greenery. The surrounding properties mostly have garages in which to park their cars, or sit on larger plots allowing for more shrubbery/garden etc in front of the property.

Kind regards
