Reasons for comment:	
Comments:	What has changed! This is unlawful development of green belt land there is an injunction prohibiting the use of this land for travellers and gypsies or in fact anyone. The travellers have erected unauthorised buildings, gates, fencing etc. without permission and why should they be allowed to apply retrospectively for permission that has been refused numerous times previously. The area is not suitable for anyone to live on this site. The road is too narrow, and surely the council must be aware of the terrible destruction and damage to the trees and hedging and local environment when they entered the land with their enormous mobile homes without permission. There are insufficient doctors and schools in the area and the area is unable to accommodate an increase in population. The main road the A227 is becoming a nightmare with the increased traffic and I feel strongly that this application should be turned down and no future application should be allowed to be submitted.

Kind regards
