Reasons for comment:

Comments: As [REDACTED] of Otarawairere, we support the renovation and works to the existing bungalow. However, we are very concerned about the ridge height and the location of the proposed garden building/room. [REDACTED] window looks directly [REDACTED] onto the side of the the garden of Otarawairere and the west side of the proposed garden building is in direct sight line of our [REDACTED] window [REDACTED] window is on the east side of our home). The prior approval of the garden building was on the east side of the property and the current plan is for the building on the west side of the garden, closer [REDACTED] property.

Kind regards
