Reasons for comment:

Comments: Objection to Application 20260141 - Land North of Cherry Trees, Ridge Lane

To the Planning Department,
I am writing to object to application 20260141. As a local resident, I'm worried about how this development is changing our area for the worse.

* Road Safety: Ridge Lane is a narrow country lane with no pavements. It's used by families, walkers, and horse riders every day. Adding eight parking spaces and moving large caravans in and out is a real danger to anyone on foot. The lane just isn't built for this much traffic.

* Damage to the Land: This is a retrospective application, which means the woodland has already been cleared and hardstanding put down without any permission. It feels wrong that the rules on biodiversity and forestry have been ignored, causing permanent damage to our landscape.

* Green Belt Impact: Building four brick blocks and putting eight caravans here is basically turning a field into an urban estate. The extra noise and light don't belong in a quiet, rural spot like this.

Please refuse this application and help protect Meopham from developments that ignore the rules and spoil our village.

Kind regards
