Reasons for comment:

Comments: This is very concerning, this resident has already blocked my alleyway exit and back garden fire escape by erecting fences and a gate which he locks. This was never part of his property, and it is a public right of way and not part of his garden which he is currently using as such. Further construction would cause a fire hazard. I want my full access to the alleyway reclaimed from this nuisance resident. I am [REDACTED] and would not be able to escape via my back garden if necessary. Furthermore, where he has illegally placed his chicken shed it must be noted that, this is part of our alleyway access to Clarendon Road and not even part of his property!. So why this structure is this structure even being considered?

Kind regards
