Officer Analysis

The below proposed elevations show the proposed single storey rear extension as having a depth of 4 meters.

Under paragraph A.1 (f) I of Class A of Part 1 Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) a maximum projection of 3 meters is permitted for a mid terrace dwelling.

The proposed development is therefore contrary to A1 (f) (i), as it exceeds the 3m depth allowance for a mid terrace dwelling. Whilst it might then fall within A1 (g), to benefit from this section, the development would need to benefit from Prior Approval. No such Prior Approval has been sought or gained.

Conclusion

The proposed development does not meet the criteria set out in paragraph A.1 (f) I of Class A of Part 1 Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). As such the proposal would require planning permission.
