Reasons for comment:

Comments:	<p>I live in Meopham .</p> <p>I object to this developement for a number of reasons.</p> <p>1/ The traffic around this area can be chaotic at certain times of the day , especially at school opening and closing times. The junction onto the A227 is, in my opinion , dangerous already .Even more so where there are traffic issues on the A2 and the M20 when the A227 is used as a rat run , by drivers who are reckless and dangerous, often overtaking on a single lane carriageway, at well over the 30mph speed limit, It is dangerous for children and parents now. This development next to 3 schools will worsen the issue.</p> <p>2/ This is prime agricultural land which the country needs and sets a dangerous precedent for developers . This plus green belt should stop urban sprawl and all these developements destroy the character of the village.</p> <p>3/ This land acts as a natural drain and stops potential flooding. but not if it is concrete !</p> <p>4/ the surrounding countryside and this land is a habitat for so much wildlife , not just certain species. It makes Meopham a nice place to live.</p> <p>5/ There is a cumulative effect here, with 5 or 6 potential developments very close to this. The potential for chaos is alarming.</p> <p>6/ Parking on the Longfield road is dangerous now for chidren and parents , and you want to increase it.</p> <p>7/ I cannot see the justification for destroying green belt and agricultural land. There are other places and grey belt, without destroying surrounding land and setting a dangerous precedent.</p>
-----------	--

It is the developers that want to build here so they can make the most money .
Yes we need houses but affordable to the people that cannot afford a three bed
new build and who will need a car to get around. Grey belt will suit those people
better and will be more affordable.

Kind regards
