Reasons for comment:	
Comments:	One of the great delights in living here is the view over the fields, particularly at sunrise, sunset, or with the morning mist. Walking the dog over to camer, or dragging the children on a beautiful country walk are intrinsic parts of my family life. Indeed, during covid our family performed that walk almost daily, providing much needed fresh air and respite. The thought of this being destroyed through significant new housing development is hugely depressing. This is a rural community, greenbelt land, and a jewel in the crown of Gravesham, and should be maintained as such. No-one can dispute the need for more housing, but all the while there remains brownfield sites to develop, of which there are many in Gravesham, they should be the priority. Such development in Meopham is purely for the motive of profit on the part of the developers, aided by relaxation of planning laws. I object in the strongest form possible.

Kind regards
