Reasons for comment:	
Comments:	This is a travesty if these sites are built. There is not enough infrastructure. The roads are already too busy, the doctors surgery won't be able to cope, let alone the environmental implications. Pick brown sites do not build on the green belt. We moved from Bexley to get away from the busy roads and the busyness to a more chilled and peaceful place, this will bring London to the countryside which is appalling. We hope you see sense and that you don't approve this catastrophic application.

Kind regards
