Comments Details

Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: The community have failed to support the premises as an ongoing concern as a public house without forcing the owner to pursue other revenue avenues to support themselves. Change of use to residential only purposes should occur if, and only if, the building and heritage itself is not lost to a new facade which would change the village and the history of the building.

Kind regards
