Reasons for comment:	
Comments:	This is crazy. Yes we need more houses. But this area also needs more infrastructure already. There are no places in the local primary school. You can't get a doctor's appointment to save your life. We are car-dependent here since there is little reliable public transport. Parking here is already a nightmare, more homes without more access, parking and local services is a recipe for disaster for the current residents and the wild life we currently enjoy.

Kind regards
