Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The current 3 storey building can be seen from our house. We suffer from high levels of light pollution from the current buildings that are there. On numerous occasions heavy goods vehicle are parked on surrounding local roads waiting to gain access into the estate, from anywhere from 12 to 48 hours at a time. This application does not have any detailed information on exactly where the new building will be erected, how it will look once completed and what impact it will have on the surrounding residential area.

Kind regards
