29th October 2022

Dear Sirs

Re 'Hook Green Farm, Melliker Lane, Meopham, Gravesend, DA13 0JB
T1 – Conifer – Tree planted in wrong location in close proximity to
Neighbouring property and interfering with boundary wall. The property
is located within the conservation area – Fell and grind to enable planting
of Yew (*Taxus baccata*) trees by homeowner.

We refer to the above planning application, your reference GR/2022/1118 and would make the following comment.

The Conifer tree is in a prominent location in the front garden and is significant in the street scene. In the Society's view, if it is replaced, there must be safeguarding conditions and enforcement action if necessary, to ensure that the replacement tree is of a reasonable size and is nurtured and maintained.

Yours faithfully

[Redacted Signature]

Mrs P A Lippiatt
Hon. Secretary
