Reasons for comment:	
Comments:	I support the change of use of the basement and ground floor of the public house to use class F1(f) for Public Worship and for academy services. The community need more places to worship as the other religions places are too crowdy and you can't a place especially on Friday . Furthermore this spaces will be used for academic service to teach Islamic studies and the holly book to teach the children and the grown up too .

Kind regards
