Reasons for comment:	
Comments:	This shouldn't just remain a paper exercise, they have to action it. I think it is a good proposal and it will benefit the community. It could decentralise the influx into the city centre and disperse people into quieter communities, which would make it quite balanced in terms of affordability. I also like to take walks, so it gives me another area to go for that, away from the hustle and bustle of the city centre. I think it will provide a sort of quiet and peaceful area to live.

Kind regards
